Elevation

An exclusive opportunity for direct engagement with the industry's newest graduates and final year students about to embark on their engineering career.

We invite you to participate in the 2021 Elevation event which will give your organisation a unique opportunity to engage with the engineering industry's newest graduates and final year students and provide opportunities for your company to connect directly with early career engineers.

Elevation is not your ordinary career expo. It focusses on deepening connections and providing development opportunities for our future engineering pipeline.

Why your company should participate:

Participating in Elevation presents a unique opportunity to showcase your organisation and promote your employment opportunities to student and graduate engineers.

The students and graduates who attend this event are proactive and eager to see what's out there and to find opportunities. By participating you will have access to some of the brightest future engineers around and hopefully find the perfect graduate for your next intake.

Students

Promote your student opportunities to third and final year student engineers.

Perfect for companies who take on student engineers as interns, vacation placements or work experience.

Graduates

Promote your graduate opportunities to final year students and soon to be graduate engineers.

The perfect opportunity to showcase the engineering careers that your organisation has available.

Elevation date and location

Where	When
Darwin	Thursday 6 May

Elevation event format

Each event will run for approximately 2.5 hours.*

> 5.30 – 6.00 pm Registration and Introduction

For the first 30 minutes of the event there will be plenty of time for attendees to arrive and take a seat before being welcomed to the 2021 event series.

> 6.00 – 6.30 pm Networking Masterclass Session

The event will now get interactive with a session for attendees to learn the proper etiquette for enquiring about roles, how to network effectively, how to follow up on applications and more.

> 6.30 – 8.00 pm Time to Shine - Networking opportunities

The true reason behind the evening. The remainder of the time will be spent sharing with the attendees what your company does, who it employs and the current opportunities available for the soon-to-be practicing engineers – and it's the perfect opportunity for attendees to practice their new found networking skills and work the room.

*Exact timings to be confirmed closer to each event.

Company Participation

Engineers Australia is here to support you by providing the opportunities your business needs to attract the best engineering graduates.

Participating in Elevation provides the unique ability to share your career opportunities and company messaging to an engineering-only audience.

Opportunity	Investment
Company Participation Darwin Elevation event	\$200

All prices are subject to GST

What you receive as a Participant:

- A participant profile – including logo, website link, contact details and 50 word company profile – displayed on the Elevation webpage and distributed at each event.
- An allocated exhibition space (2m wide x 1.5 m deep) at each event you participate in. Each space will include a trestle table and two chairs. (Please note no booths or backboards provided).
- Marketing collateral to help you promote and share your participation.
- Up to three (3) company representatives to attend the event.
- The attendee list of the Elevation event you participate in, to be provided post event.

To participate at the event please complete the details on the following page of this document and email to careers@engineersaustralia.org.au

Do you offer employment opportunities for international students? (Please note: we ask this question so we can advise on our event listing if there are opportunities available to this cohort)

Yes

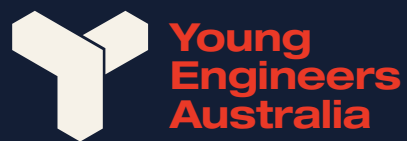

No

Please provide a company description and logo in high resolution .jpg or .png format for event promotion material.

Please note: Due to the limited number of opportunities available, participation will be allocated on a 'first in' basis. All participation costs will be payable in FULL within 14 days of invoicing. If payment is not received within this timeframe, the participation package will be released back to the market for resale.
